

DAY-1

DOCUMENTATION

Name : S.Priya

Date : 09-06-2026

Team-04

1.Objective:

To learn the concepts are logic,algorithm and flowchart and apply them by creating algorithms and flowcharts for Instagram login and food ordering process.

2.Task Assigned :

- Create an algorithm and flowchart for Instagram login.
- Create an algorithm and flowchart for food order.

- Instagram login algorithm and flowchart :

To allow a user to login into an Instagram account.

Algorithm:

1. Start
2. Open the Instagram app
3. Display the login page
4. Enter username or Email ID
5. Enter the password

6. Click on the login button

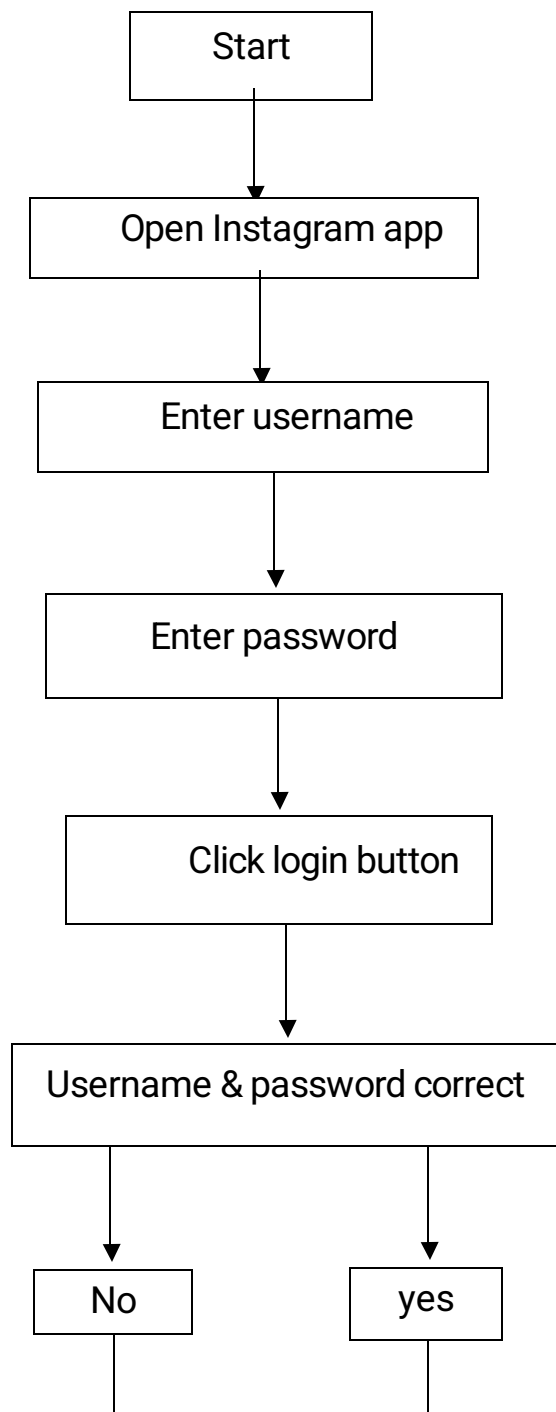

7. Check username and password

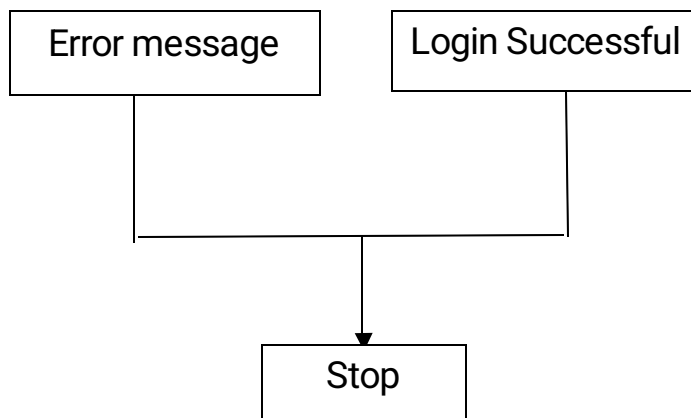

Correct : open the Instagram home page.

Incorrect: display an invalid Username or password message.

8. Stop

Flowchart:

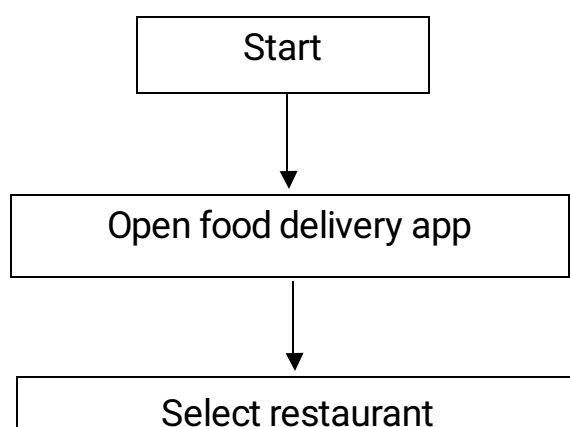

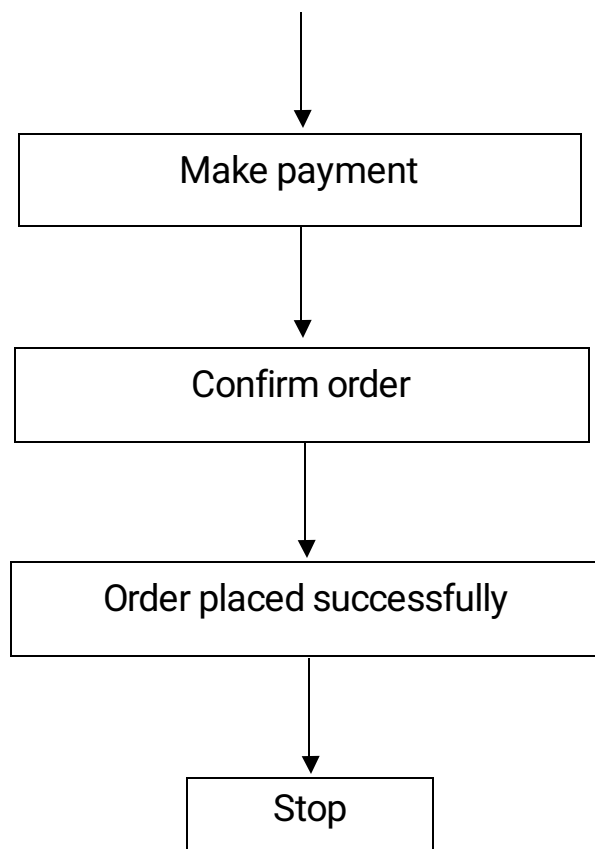

- Food order algorithm and flowchart:
To order food using a food delivery application.

Algorithm:

1. Start
2. Open the Food delivery app
3. Select a Restaurant
4. Choose food items
5. Add items to cart
6. Proceed to checkout
7. Make payment
8. Confirm Order placed successfully
9. Stop

Flowchart:

Conclusion:

Through this session , I learned the logic,flowchart and algorithm. I successfully created algorithms and flowcharts for Instagram login and food ordering system.
